

Modlin Center for the Arts Volunteer Incentive Program

2025-2026 Season

The Modlin Center is fortunate to have an enthusiastic and committed community of volunteers. Because of your service, Modlin would like to extend a thank you to all the volunteers as regularly as possible.

The Modlin Center will use a point system to track volunteer participation and offer benefits based on the number of hours of volunteer service. Points may also be earned for attending volunteer training throughout the season. Volunteer involvement will be tracked by the Professional House Manager at each performance and by the Volunteer Coordinator during training sessions.

Volunteers are expected to perform their duties for the duration of an event, including 15 minutes post event, or for as long as requested by the Professional House Manager. Leaving before an event is over may result in the loss of points for that event. Some events may have a double point incentive. In those cases, that information will be posted in the event description.

- **Director**
- **Elevator Monitor**
- **Ticket Taker/Scanner**
- **Lobby Greeter**
- **Theater Usher**
- **Concessions Assistant**
